## HEAD MOUNT TEMPERATURE TRANSMITTER

TT-01

Electronet series TT-01 are head mount type temperature transmitters used for various industrial applications. It can accept input from RTD, J & K type of thermocouples & temperature signal is transmitted in the form of electrical 4 - 20 mA signal. Span / Zero adjustments are easily accessible. These transmitters are suitable for any make of sensor.

### Features

- On-line measurement
- 2 wire system
- 4-20 mA DC output
- Head Mount Transmitter
- Cold junction compensation for thermocouple input

## DIGITAL TEMPERATURE GAUGE

TG-20

Electronet series TG-20 are digital temperature gauges for fast, easy & trouble free operation. These can be cost effective & ideal for monitoring the temperature. Display shut-off facility is provided so that display can be made 'ON' only if required through push button. Thus it saves the battery power & results in long lasting battery operation.

### Features

- In-built Remote Sensor
- Display Auto Shut-Off facility
- Battery Operated
- Protection Class IP-65
- Unit Conversion Facility
- Handy and Maintenance Free
- Reliable and Cost Effective

## SMART TEMPERATURE TRANSMITTER

TT-04H

Electronet Series TT-04H are temperature transmitters used for various industrial applications. It can accept input from RTD, all types of thermocouples & temperature signal is transmitted in the form of electrical 4 - 20 mA signal. The on-line temperature indication is provided through LCD. Span / Zero adjustments are easily accessible.

### Features

- 4-20 mA HART Compatible
- Single-Sensor and Dual-Sensor Inputs
- Enclosure : Die Cast Aluminum / SS
- Enclosure Protection Class IP-67
- Enhanced display with Local Operator Interface
- Differential & Redundant temperature measurement

## ELECTRONET EQUIPMENTS PVT. LTD.

### Factory Address:

Plot No. 8, (SEZ) Phase 1, Kesurdi MIDC,  
Khandala, Dist.- Satara  
Pin: 412 801, Maharashtra, India.

### Registered Office:

Plot No. 84, 85, 86, Tiny Industrial Estate,  
Kondhwa Budruk,  
Pune-411 048, Maharashtra, India.
